

Hello Community

As we approach the end of 2023, Balance and Breath Yoga and Wellness Center is proud to have served over 2244 students, helping them find their emotional, physical, and spiritual well-being. Our team has worked tirelessly to provide inclusivity and connection within the community, guiding students on their journey towards inner peace and their highest potential.

In early December 2023, BB Yoga became Hendricks County's first non-profit yoga and wellness center, with a mission to break down financial and cultural barriers to proven healing practices, self-development, and personal growth. Our goal is to provide access to these services and wellness practices to all members of our community, regardless of social status, physical ability, or financial standing.

We have the support from our community and Center members, however making this transition into a startup community non profit we already know that the financial resources that have previously been available to us will be significantly less than in years past. For this reason, we are asking our corporate community partners to consider closing the gap by sponsoring yoga classes for 2024!

How Your Donation Supports BBYWC Instructors and Practitioners

Your donation is a crucial factor in enabling the BBYWC's instructors and practitioners to continue their work. Without your support, practitioners would be unable to practice and instructors would be unable to provide their valuable services. We thank you for your generosity and commitment to our cause.
